

Rob Kistler AIA, NCARB

rkistler@facadegroup.com

Rob is the Principal of The Facade Group, LLC and is responsible for the direction and operations of the firm. He has over 25 years of experience as an architect and consultant with over 15 years as a contractor. Rob's unique combination of hands-on knowledge and architectural expertise allows him to assist clients in obtaining their design goals while ensuring a functional enclosure.

Rob has extensive experience with curtain wall systems. His expertise includes glass, stone and terra-cotta applications. His portfolio is diverse—ranging from commercial towers such as the Washington Mutual Center in Seattle and Plaza 66 in Shanghai to public buildings such as the Mark O. Hatfield U.S. Courthouse and the Seattle Art Museum. Recently Rob completed work on San Francisco Airport, Terminal 2.

Rob's education includes a Bachelor degree in Mechanical Engineering from the University of Wyoming and a Masters of Architecture from the University of Oregon. Rob is an industry leader and is active in the building community. Rob was co-chair of BEC (Building Enclosure Council) National from 2007-2010 and established the Portland BEC chapter—acting as chair from 2006-2010. Currently Rob is serving as Vice Chair of BETEC (Building Enclosure Technology and Environmental Council) and is the first and only envelope consultant chosen as a GSA Design Excellence Peer Reviewer. Rob is an active member of the AIA (American Institute of Architects) and is NCARB certified.
