

Stanley Yee, LEED® AP

syee@facadegroup.com

Stanley is a Building Enclosure Consultant, Project Manager and Partner. He has over 17 years of experience working domestically and internationally with projects in North America, Hong Kong, China, Singapore, Thailand and Taiwan.

Stanley specializes in glass and glass technologies, commercial fenestration and glazing systems, unitized curtain wall and monumental glass wall systems, energy performance evaluation and whole building systems analysis. His expertise includes curtain walls, cladding systems, dimensional stone and terra-cotta facades. He is a respected voice in the building community and has been sought out as an expert witness for litigation cases.

Stanley holds an Engineering degree from Concordia University in Montreal Canada with a focus on Building Engineering. He is an affiliate member of the Glass Association of North America (GANA) and the American Architectural Manufacturers Association (AAMA). Stanley has been a US Green Building Council LEED® Accredited Professional since 2008 and sat on the program committee for the 2008, 2010 and 2012 Building Envelope Science and Technology Conferences (BEST). He was the first Chair of the Energy Committee for the Glass Association of North America at its inception in 2008.
